Prescription Drug Disposal Program

The Problem - Unused or expired prescription medications are a public safety issue leading to accidental poisoning, overdose, and abuse. Additionally, unused drugs that are flushed contaminate the water supply. Proper disposal of unused drugs saves lives and protects the environment.

The Solution – The Sherman Police Department offers residents a way to safely drop off unused drugs into a locked vault at the police station lobby. Only law enforcement can open the vault to dispose of the drugs. Sherman police will regularly empty the secure vault for proper disposal on a scheduled basis.

Disposal Location - The Prescription Drug Disposal Vault is available to be used 24 hours a day, 7 days a week at the Sherman Police Department, 2629 W. Andrew Road, main entrance in the lobby foyer. Please do not hesitate to contact us should you have any questions. We can be reached at 217.496.3256 or info@shermanil.org.

ITEMS ACCEPTED

- Prescription medications (except controlled*)
- All over-the-counter medications

* Any drug as defined in the five categories of the federal Controlled Substances Act of 1970. These medications are categorized by “schedules” based on their potential for abuse or addiction. They range from Schedule I, or C1 (illegal drugs) to C2 to C5 which indicates a decrease in potential for abuse or addiction. The schedules cover opium (and other opiates), hallucinogens, as well as prescriptions containing narcotics or amphetamines.
